

# Eric Vara

## Data Analysis

As a detail-oriented and analytical professional with a solid foundation in Information Technology and Computer Science, I specialize in turning complex data into actionable insights. I am excited about the opportunity to leverage my experience in data analysis and my proven track record in data-driven decision-making to contribute to the team's success. My military background has instilled in me a strong work ethic and the ability to thrive in team settings, ensuring that I can deliver high-quality, accurate analyses to support my future employer's strategic goals.
